

Consumer Profit Strategy Dashboard

Sum of Profit by Segment

Consumer segment delivers the highest total profit and should be the primary target for revenue growth initiatives.

Sum of Profit by Category

Furniture drives the strongest profitability within the Consumer segment, and should be prioritized in pricing, promotion, and inventory decisions.

Sum of Profit by Region

EU West generates the highest Consumer profit, indicating a strong opportunity for focused regional sales efforts.

Segment × Category Profit Analysis

Profit by Segment and Category

Insights

- Consumer Technology drives the strongest profitability and should be prioritized
- Corporate Technology shows good margin but low volume → growth potential
- Home Office performance is weak across categories → pricing and product improvements needed

\$52.3

Insight — Regional Performance Strategy

January profit strength was driven by high Technology demand, especially from Consumer and Home Office segments. February saw a major drop in Technology profit due to lower Consumer engagement, while Corporate remained stable but small.

Recommendation:
Focus on targeted Technology promotion for Consumer + Home Office in February and beyond to recover profitability while maintaining Corporate engagement efficiently.
